**Dulux** colour design service

Together we'll create something amazing

# How it works

1

## Consult

The confidence of our interior designers comes from experience – they are all qualified and independent interior experts. They come to your house so that you can be sure the colour selected works with everything in your own home.

2

## Create

Everyone has a creative side, our job is to help you find yours. We will help you develop a colour scheme for your home that's uniquely yours – inside and out.

3

## Specify

Finally, we'll leave you with the details of the colours and products chosen in a specification report. You'll also receive handy colour swatches and a cashback voucher\* (\$1 per litre up to \$100) for Dulux branded paint, and most importantly, complete confidence in your final colour selection.

Book the Dulux Colour Design Service for colour expertise and interior design advice, for as little as \$150 per hour.\*

Confidence in colour selection

Add value to your home

Uncover your unique style

Save time & money

# Upgrade your home with a new garage door

The face of your home isn't necessarily your front door. For many, it's the garage. With up to 40% of the house façade taken up by your garage door, it's the first thing people notice. So when it comes to giving your home a fresh new face, it's a good place to start.

B&D can help with a wide range of designs and colours to help you achieve the perfect new look. As Australia's leading manufacturer of garage doors and openers, B&D doors are strong, reliable, quiet and secure. Best of all, it's something your Dulux Colour Designer can help with, too. Make the most of their visit by asking for their advice on the colour of your B&D garage door to complement the rest of your house's exterior.

Right now, receive \$150 cash back when you spend \$2,500 or more on any B&D garage door and opener. This exclusive offer is available with every Dulux Colour Design Service consultation. Offer valid for purchases made through participating dealers. For a list of dealers and a free measure and quote please visit [www.bnd.com.au](http://www.bnd.com.au)
