

PREMIUM COLLECTION

AUSTRALIA'S PREMIUM SECTIONAL
TIMBER GARAGE DOOR

Timber Doors

Cedarpanel Horizontal

You can now experience the natural feel, style and beauty of timber in your home with a B&D timber door.

The B&D Cedarpanel™ is an affordable, fully automated timber door, in a choice of three distinctive styles, to suit any home. The B&D Craftpanel™ and Timberpanel™ doors come as a fully sealed door option with a sturdy timber frame.

*For full warranty conditions see back page.

Timber Doors

Tailor made to perfectly suit your home, the Cedarpanel™ is manufactured from hand selected, 15mm thick, western red cedar. This sectional overhead door has a wood oil finish, enhancing the finish of the timber. Oil protection allows you to add a stain and match your door colour to your feature timbers.

Cedarpanel features a galvanised, steel frame, for long lasting strength, security and durability.

The Cedarpanel automatic door comes standard with the premium B&D Controll-A-Door® P Diamond opener, one of the most advanced and quietest openers available.

CEDARPANEL RAISED

Cedarpanel Raised combines the classic charm of yesteryear, with the modern styling of today's doors to provide a stunning look that will complement both traditional or contemporary home designs.

CEDARPANEL HORIZONTAL

Cedarpanel Horizontal is styled from slender slats of 15mm thick, western red cedar, joined horizontally for a contemporary look.

CEDARPANEL VERTICAL

Cedarpanel Vertical will add a unique, modern finish to your home's aesthetics. With the natural timber slats running from top to bottom, this door will make a statement on your home.

**As with all types of garage doors, for optimal trouble free performance and safety, we recommend you have your door serviced annually.*

THERE'S SO MUCH MORE BEHIND A DOOR

For those looking for a fully sealed timber door with timber frame, look no further than the B&D Craftpanel or Timberpanel.

CRAFTPANEL

Nothing can match the natural charm of timber, and B&D's Craftpanel door is the carpenter's art perfected. Designed for Australian conditions and crafted using the finest western red cedar, the raised patterns and frame provide both enduring strength and natural beauty.

TIMBERPANEL

The Timberpanel door features slim horizontal boards, made from the highest quality western red cedar and strengthened with aluminium extrusions for added support.

WARRANTY

It's important to have peace of mind when you make a purchase, that's why your B&D natural timber door comes with a:

- 12 month domestic use warranty on the structural integrity of the door, conditional on proper care, maintenance and servicing as recommended on www.bnd.com.au. Due to timber being a natural product, we are not able to warrant the timber for the final quality of the look or finish.
- For B&D Cedarpanel doors, the addition of a coat of Dryden's WoodOil and a further bottle for application by owner (within 3 months of installation) are supplied and will ensure a deep penetration of oil.

Cedarpanel Raised

Cedarpanel Horizontal

B&D Craftpanel™ and Timberpanel™ do not come standard with an opener. Ask your B&D dealer about automation options for these doors.

Visit www.bnd.com.au for further information.

B&D Remote Opener

Controll-A-Door P Diamond

Timber Doors

B&D have a range of accessories to increase the functionality of your B&D door or opener.
Call us on 13 62 63 or visit www.bnd.com.au for the complete range of B&D products and accessories.

ENJOY THE CONVENIENCE

For easier operation of your Timber door, add a B&D Controll-A-Door automatic garage door opener. Designed to perfectly suit your door, the Controll-A-Door P Diamond provides:

- Convenience – one push of the remote button and you drive straight into your garage.
- Tri-Tran™ technology – for greater reliability and minimal interference. When you push your transmitter button, you can trust your door will opener.
- Comfort – no more lifting heavy doors.
- Value – adds value to your home.
- Safety – forget getting out of the car on those dark or rainy nights. The courtesy light also allows you to see inside the garage.
- Security – protection for yourself and your property with a positively locked garage door.
- Low standby wattage – saving you money on your power bill, and reducing greenhouse gas emissions.
