

Series 2 Rolling Door

Structural fixing detail for door openings

Please follow diagrams for correct installation of doors up to:
5100mm high x 5400mm wide

If floor rebate is required it must extend at least 100mm more than the opening on each side and back from the fixing face at least 100mm (see below detail).

- NOTES:** Measurements shown allow for:
- Minimum standard curtain overlap - 50mm per side
 - Chain side - 210mm
 - Tail end - 135mm
 - High wind - add 50mm
 - GDO10 - add 40mm after removing chain
